Syracuse, New York 13209

Dear Len:

The fire restoration work at Old First Church is finally history. Our thanks for your expertise and your many recommendations! The converted jeep and boom not only saved the Insurance Board and the insurance company a considerable amount of money, but it was efficient, and Artech did an excellent job. It was fascinating to watch.

Your quick thorough and caring response to our needs was greatly appreciated. Many thanks on behalf of the members of the church and my personal thanks as well!

Sincerely,

Bob
